Modifications

FTK - Flush Toekick

For most Base, Tall & Vanity cabinets and Wall cabinets with ADDTK:
Extends the face frame to the floor, eliminating the toe-kick.

Not available when either RECTKL or RECTKR modifications are used.
When FTK is ordered with the Peninsula modification, both sides will receive a flush toe-kick. Eliminates the recess at the toe-kick, creating 4 1/2" of space at the floor flush with the cabinet face frame; ideal for use with baseboard moulding.
